

GN Netcom is the leading provider of innovative wireless and corded headsets. Our award-winning portfolio includes many industry firsts, such as the first wireless office headset, the first Bluetooth® headset, and the first wireless multi-use headset for both conventional and IP telephony. Designed for professionals in offices and contact centers. Our stylish products provide increased efficiency and mobility, as well as enhanced personal comfort. GN Netcom is a division of GN Store Nord, the world's largest manufacturer of headsets for offices, contact centers, and mobile phones. GN Store Nord is headquartered in Copenhagen, Denmark.
