

Mirage[™]

The Mirage is an over the ear headset which is easy to wear and remove. It combines comfort and discreteness with excellent sound quality making it ideal for use both in call centre and office environments.

The sculpted, ergonomic design of the Mirage headset includes an adjustable receiver which rotates so it rests lightly and comfortably against the ear.

The design also ensures the headset cable is kept out of your way.

The Mirage headset is available with our trademark voice tube. The easy to use Quick Disconnect[™] feature places the caller on hold, whilst allowing users to leave their desk without removing their headset.

Backed by a two year warranty, Mirage delivers unsurpassed durability all day, every day.

**Easy to wear design
for comfort and flexibility**

Mirage[™]

Key Features

- Receiver rests gently against your ear
- Easily adjustable to fit either ear
- Stylish and discrete compact design
- Lightweight
- Two year warranty

Technical Data

Weight

22 grams

Transmit Characteristics (typical)

Sensitivity @ 1kHz	-39 ± 3.5dBV/Pa
Frequency Range	200 to 4000Hz
DC Range	1.5 to 5V
Output Impedance	< 250Ω
Typical Test Conditions	1.8V DC, 3.3KΩ DC Resis, 3.3KΩ AC Load

Receive Characteristics

Sensitivity @ 1kHz	13 ± 3dBPa/V
Frequency Range	200 to 4000Hz
Acoustic Limit	24dBPa
Input Impedance	150 ± 30Ω
Typical Test Conditions	100mV Drive, 150Ω Source Impedance

Specification subject to change
