

TriStar®

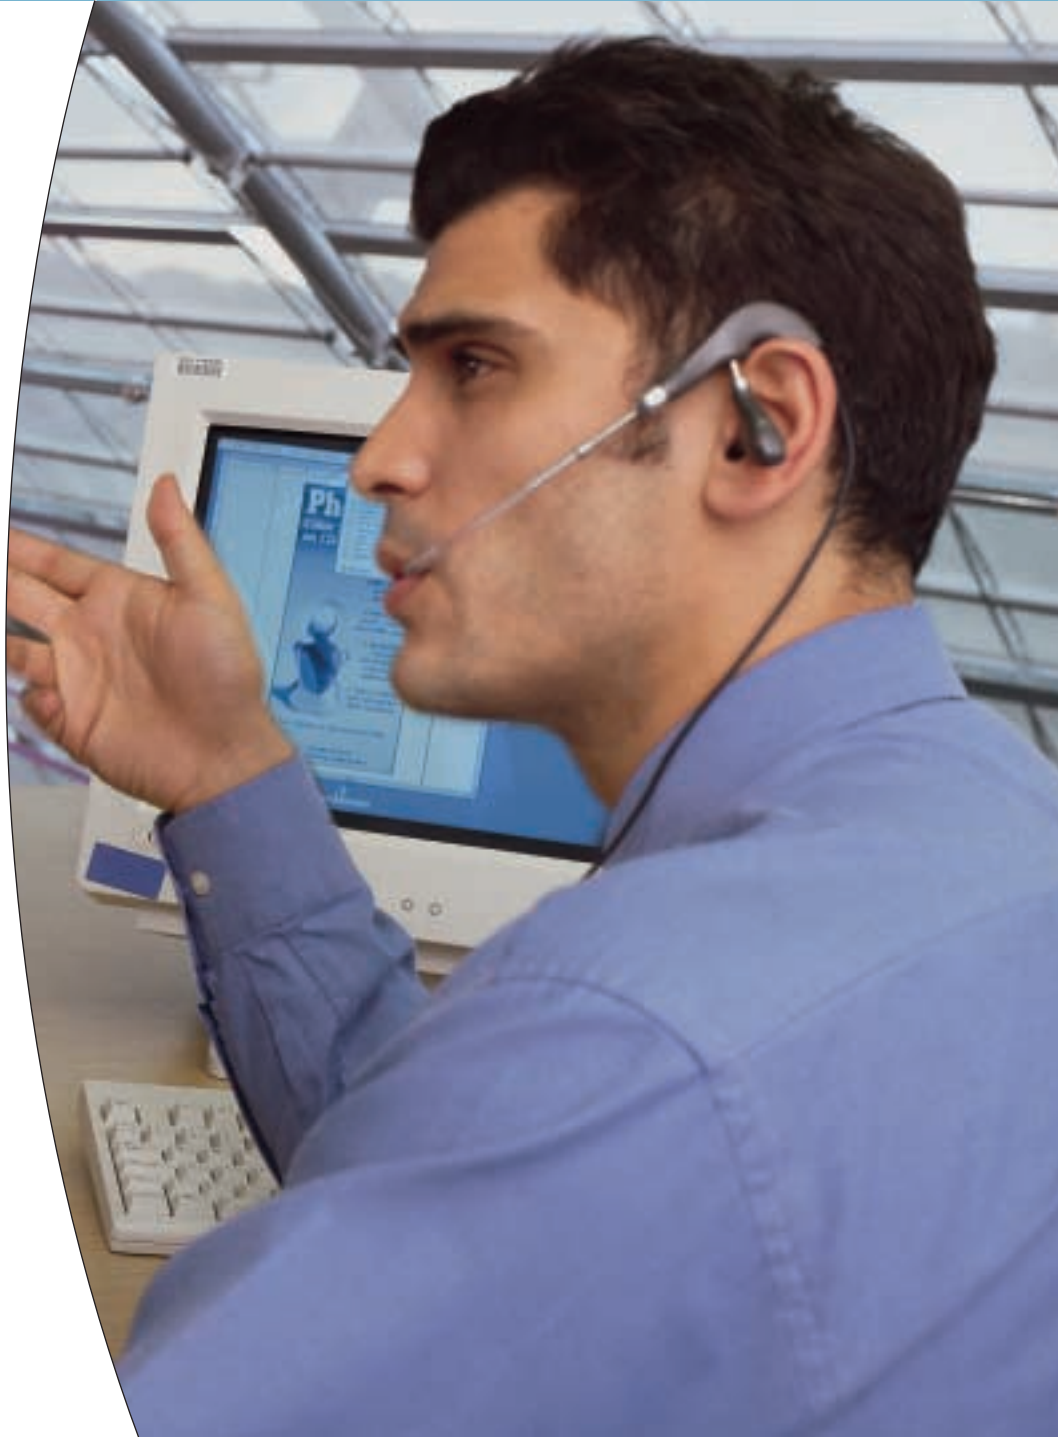

The TriStar® headset offers premium sound quality and combines low weight, discrete size and comfort in a unique over-the-ear design. With four sizes of user selectable earbuds, TriStar® can be custom fitted to just about any user.

The TriStar is available with our trademark voice tube or a noise-cancelling model which eliminates up to 92% of background noise.

The unique 3 point design of the TriStar delivers unsurpassed stability and comfort and ensures the headset cable is kept out of your way.

The easy to use Quick Disconnect™ feature places the caller on hold, whilst allowing users to leave their desk without removing their headset.

Backed by a two-year warranty, TriStar delivers unsurpassed reliability all day, every day.

Ultra-light, over-the-ear style offers a stable fit

H81N

TriStar®

Key Features

- Ultra stable fit designed for all day comfort
- Discrete and stylish over-the-ear design
- Supplied with 4 different size ear buds
- Choice of voice tube or noise-cancelling microphone
- Ultra-lightweight
- Two year warranty

Technical Data

Weight

12 grams

Transmit Characteristics (typical)

Sensitivity @ 1kHz	-39 ± 3.5dBV/Pa
Frequency Range	200 to 4000Hz
DC Range	1.5 to 5V
Noise Cancellation	24dB (Noise-Cancelling models only)
Output Impedance	< 100Ω
Typical Test Conditions	1.8V DC, 3.3KΩ DC Resis, 3.3KΩ AC Load

Receive Characteristics

Sensitivity @ 1kHz	20.5 ± 3dBPa/V
Frequency Range	200 to 4000Hz
Acoustic Limit	24dBPa
Input Impedance	450 ± 50Ω
Typical Test Conditions	100mV Drive, 150Ω Source Impedance

Specification subject to change
