## Plantronics Voyager™ 510

The Voyager™ 510 Series – one headset does it all.

The unmatched versatility and convenience of Plantronics latest Bluetooth® headset lets you use one headset for all your wireless communications in or out of the office.

The Voyager™ 510 Bluetooth headset from Plantronics brings all day wearing comfort and superb audio quality to busy mobile professionals in a stylish and discreet design. The noise cancelling microphone allows you to be heard clearly wherever you are working and lets you use the voice dialing capabilities of your phone for even more convenience. The Voyager 510 headset can be worn on either ear, and folds for easy storage.

Using Bluetooth V1.2 technology, the Voyager 510 gives you compatibility with the latest Bluetooth devices and improved performance in WiFi environments.

The optional base adapter brings the benefits of Bluetooth wireless technology to your office. The Voyager 510 headset can be paired to both your desk phone and your mobile phone, and the MultiPoint technology in the Voyager 510 automatically detects which phone is ringing

routing the call to the headset with a single button press.

What's more, the MultiPoint capability in the Voyager 510 allows you to remain paired to your mobile phone and still be able to accept incoming calls from any of your other Bluetooth devices that support the Headset or Hands-free profiles, such as a laptop or PDA. The Voyager 510 allows you to place outgoing calls from any of these Bluetooth devices, with the call being automatically transferred to your headset.

The range of optional accessories includes USB and car chargers, an on-line indicator for your office, a carry case and a headset lifter that allows you to answer your desk phone whilst up to 10 metres away from your desk.

So, if you are looking for the very best in Bluetooth headsets for your mobile, choose the Voyager 510. For maximum versatility for your office and mobile phones, choose the Voyager 510 Bluetooth Headset System from Plantronics.

Sound Innovation™ for missions to the moon. And for everyday life on this planet, too.

In 1969, a Plantronics headset carried the historic first words from the moon: "That's one small step for man..." From the man on the moon to the man on the street, Plantronics is an innovation leader dedicated to creating communication solutions for people who understand and appreciate the real freedom of space. From outer space to inner space, find your space.
